CONTROL OF TUBERCULOSIS—EFFECTIVE MEASURES PLANNED

In December last, Dr. J. B. McDougall of the World Health Organisation and Dr. P. V. Benjamin of the Government of India were in Bangalore to discuss with the authorities of the Mysore Government the programme of extension of tuberculosis prevention work. They were very particular in acquainting themselves with the type of work that was being conducted in the State. The Senior Surgeon in Mysore took them round the various tuberculosis institutions in Bangalore and gave them a complete picture of the work that was being conducted in the State.

He also told them that the present bed strength at the P. K. Sanatorium in Mysore was 280, seventy-eight at the Shantabai Devarao Shivaram Sanatorium, Bangalore, 40 in the Civil Station Sanatorium, Bangalore, and 30 at Davangere. Clinics also have been opened at Bangalore and at Tumkur with provision for 12 beds in each. The proposals for the future as envisaged by the Medical Department include the increase in the accommodation of the beds in the P. K. Sanatorium in Mysore to 500. Actually, the buildings for this purpose are ready and it is proposed to inaugurate this expansion as part of the Silver Jubilee Celebrations of that Sanatorium in the near future. Proposals are also on hand for increasing the bed strength at the Shantabai Devarao Shivaram Sanatorium, Bangalore to 180, that of the Civil Station Sanatorium, Bangalore to 70 and that at Davangere to 200. The buildings for this at Bangalore are ready and those at Davangere are being planned. As regards clinics, Government envisage that there should be a clinic with beds ranging from 12 to 20 at each of the District Headquarter Hospitals; buildings for this purpose at Shimoga and Hassan are completed, those at Kolar and Chitaldrug are under construction and it is expected that the work in regard to this throughout the State will be completed by the end of 1950. Taking all these into consideration, the State will have ultimately a bed strength of 1,046.

Dr. McDougall and Dr. Benjamin inspected the Mass Radiography Section of the Victoria Hospital and were very interested in finding out the methods of interpretation of X-Ray pictures which had already been taken. They were very much satisfied with the kind of interpretation that the Medical Officer in charge gave them. As many as 16,000 pictures have already been taken, including those of some of the out-patients of the hospital, persons who have been sent from the Bangalore Woollen, Cotton and Silk Mills, Ltd., and also from the Hindustan Aircraft Ltd The Senior Surgeon also told them that it was planned to have a Chest Unit attached to the Victoria Hospital, utilizing the Mass Radiography Section and the Cardiological block so as to afford a complete set-up for laboratory examination and X-Ray facilities. The statistics maintained at the Mass Radiography Section as also at the Shantabai Devarao Shivaram Sanatorium, the Civil Station Sanatorium and the Clinic were scrutinised carefully by the two visiting doctors.

Dr. McDougall's visit seems to have been to find out to what extent the possibilities were of Mysore being chosen as one of the Units for the World Health Organization Tuberculosis Extension Scheme. It appears that there are two Centres already in India, one at Patna and the other at Trivandrum. General discussions on this were held on this question in which the Hon'ble the Minister for Public Health also participated. Broadly, the scheme is that the World Health Organization Tuberculosis Section will give the necessary equipment to up-grade the institutions, the amount of financial help in this regard running up to seven lakhs of rupees. But, before affording this financial help they wo like to know to what extent the Government would be i position to undertake the responsibility of running the Ce by way of providing personnel and other recurring char In up-grading these institutions, the World Health Organ tion would be willing to give some Experts to work here a period up to six or eight months and their salaries would met by the World Health Organization, while the recurr expenses including pay of the personnel selected by Government, etc., for this purpose would have to be met the Government of Mysore. The whole question now being considered carefully by this Government, the Gove ment of India and the World Health Organization.

The question of the distribution of B. C. G. vaccine also considered. There has already been some correspond on this subject with the Government of India Dr. Benjamin saidthat he would be prepared to include Mys in the programme of the distribution of B. C. G. vaccine certain conditions which are now being scrutinised by Government.

By Order,

S. DEVARAJ,

Secretary to the Public Service Commissioner.

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 12th January 1950.

In connection with the Registration of certain persons as citizens of India under the new constitution of India, the following instructions issued by the Government of India in the matter are published for general information :—

(1) Registration of persons falling under Article 6 (b) (i) of the New Constitution of India is not necessary.

(2) The possession of Refugee Registration Certificate by a person is satisfactory evidence for eligibility under Article 6 (b) (i) of the New Constitution of India.

(3) The term 'domicile' occurring in Article 5 of the New Constitution has been used in the same sense as in Part II of the Indian Succession Act, 1925.

(4) Article 6 (b) (ii) of the New Constitution definitely requires that persons should have registered as citizens before the commencement of the Constitution and if however the order of registration is made by the appropriate authority before 26th January 1950, it would not matter if the certificate of registration is issued after that date.

(P. N. No. 208—12-1-1950—4,301-4,400).

Press Note.

Dated 13th January 1950.

The Government of India in the Ministry of Rehabilitation have indicated the modified procedure of the work relating to Permit System and the same is published for information.

(i) Permits for Permanent Resettlement in India.

These will be dealt with by the Government of India in the Ministry of Rehabilitation except that the initial applications for permanent resettlement should be filed with the High Commissioner/Deputy High Commissioner for India in Pakistan who will forward them to the Government of India through the Provincial and State Governments concerned, after giving his remarks. The applicant thereafter will get a reply from the Government of India direct and it will not be necessary for him to approach the High Commissioner/Deputy High Commissioner in this respect again.

(ii) Permits for Permanent Return to India.

The High Commissioner/Deputy High Commissioner will entertain applications for permanent return to India only in cases where they are accompanied by valid "No Objection/Identity Certificate". If the No Objection/Identity Certificates are considered invalid, such cases will be dealt with as cases of permanent resettlement and the procedure stated in (i) above will apply to such cases.

(iii) Permits for Repeated Journeys.

The present procedure of these permits being issued by the High Commissioner/Deputy High Commissioner after the usual enquiries will be continued.

(iv) Temporary and Transit Permits.

The present procedure of these permits being issued by the High Commissioner/Deputy High Commissioner will continue.

(P. N. No. 209—13-1-1950-4,400 4,500).

Press Note.

Dated 13th January 1950.

National Library, Calcutta.

The following Press Note issued by the Press Information Bureau, Government of India, has been republished for general information:—

"The National Library' Calcutta, has been shifted from 5, Esplanade East, to the Belvedere House, Alipur, Calcutta. All Communications intended for the National Library may henceforth be addressed to its new premises at Belvedere House, Alipur."

(P. N. No. 210—13-1-1950—XX-4,500-4,600).

Press Note.

Dated 16th January 1950.

In the Press Note dated 24th September 1949, it was announced that as the Ministry of Food, Government of India, had removed Gulabi and Kabuli varieties of gram from the Basic Plan, the local merchants were free to import these varieties of gram into the State under permits issued by the Director of Food Supplies.

2. It is found that as a result of liberal issue of permits, large quantities of Deshi and other varieties of Bengalgram have been imported by merchants on private account under cover of permits issued for Gulabi and Kabuli varieties.

3. In view of large stocks of gram already bought from Pepsu and Central Provinces on Government account and as further quantities are expected in the coming two to three months, it is imperative to stop any more import of the Kabuli and Gulabi varieties of gram. Government have therefore notified for the information of those interested that the issue of permits for import of Kabuli and Gulabi varieties of gram into the State by merchants will be discontinued with immediate effect.
